

**Directions to complete the Faces Pain Scale and the Visual Analog Scale (VAS)**

Please complete both the Faces Pain Scale and the Visual Analog Scale (VAS). These scales are designed to measure the amount of pain you are currently experiencing. If you are feeling no pain please circle the first face which corresponds with the number 0 and description “very happy, no hurt”, and circle 0 indicating no pain on the Visual Analog Scale. If you are experiencing pain please indicate which face and description (on the Faces Pain Scale) and what number (on the Visual Analog Scale) corresponds to the amount of pain you are currently feeling.
